# Sonix for iPhone 4.

- 1** Meet VintageVinyl Record, a completely fresh 'mix' on an iPhone case. With real record grooves built onto the case and integrated ScreenStilts to protect your iPhone's screen while face down - there is nothing quite like VintageVinyl Record.
- 2** SonixSnap! for iPhone 4 has become a staple for all our customers and retailers, by offering the thinnest full protection on the market, at only 0.8mm thin! With built in ScreenStilts to protect your iPhone's screen while face down - the best solution is a Snap!
- 3** The SonixPocket for the iPhone 4 is the solution you've been waiting for - a slim, form fitting case with a Pocket extension to house all your 'on-the-go' everyday needs like your ID, credit card, subway pass, and more - fitting everything into one Pocket!
- 4** The SonixSlide offers you 4 color combinations in one package! With an all Black Slide and an all White Slide, you can mix and match your iPhone to any combination you choose. The SonixSlide for iPhone 4 also has a raised bezel to protect your screen while face down.
- 5** The SonixScreens for the iPhone 4 is a perfect compliment to any Sonix Case! This 6 pack of screen protectors is great to share with a friend, or keep as backups. This set includes two clear screen protectors, 2 anti-glare, and 2 back protectors - for full coverage!
